Re: Ex Parte Presentation:  
Carrier Current Systems, including Broadband over Power Line Systems  
Amendment of Part 15 regarding new requirements and measurement  
guidelines for Access Broadband over Power Line Systems  
(ET Docket No. 03-104 and ET Docket No. 04-37)

Dear Ms. Dortch:

William Berkman, Chairman of Current Technologies, Inc., spoke on the telephone with Chairman Michael Powell today about the pending Notice. Mr. Berkman described the operational and commercial importance to the successful deployment of BPL of technical rules that meet but do not exceed requirements for the prevention of radio interference. Mr. Berkman also indicated Current's hope that the Commission would consider and resolve the outstanding Notice of Proposed Rulemaking at its October 14 meeting.

In accordance with the Commission's rules, I am submitting two copies of this letter.

Sincerely,

  
Philip L. Verveer
